A Special Thanks

This project was designed by **Lucia Colli** but it wouldn't have been possible without **Scott Jones**, who not only takes care of the cemetery grounds each week with care and dedication, but also came up with the idea for this map to help families locate their loved ones more easily.

He printed all the booklets and personally built the frame that now displays the map at the cemetery entrance.

His quiet efforts behind the scenes are a true gift to the community, and we are deeply grateful.

As we leave, may we carry
their memory **forward.**
